What do you like best about working for DBA?

There are so many great things about DBA, but what I love most about working here is how valued I feel as an employee AND as a person.

If you could do another job just for one day, what would it be?

I would be a dermatologist! I started out as a biology major in college, but I quickly learned Science is not for me. #mathnerd

Where is your favorite place to be?

As much as I love to travel, I would have to say my favorite place is to be snuggled up on the couch with my little boy watching whatever his current favorite movie is for the week

Where is the best place you have traveled and why?

Paris. Before going I had no idea that the Eiffel Tower sparkles at the beginning of each hour from sundown to 1am. It was definitely a nice surprise and beautiful to watch.

What is one accomplishment you are most proud of?

I'm most proud of all my blessings in 2019. I worked, attended college, had an amazing second internship in another state (Texas), got engaged, bought a house, and gave birth to my beautiful boy!

People would be surprised to know:

I have a pet cow, Clover, who used to live in my backyard.
