Elena loves being a mom and her family, outdoor adventures, new country music, and traveling.

Elena Munoz loves to do new things and get things done! She has a "can do" spirit and encourages others to make changes that foster improvement. We asked Elena a few questions to get to know her better, and here is what Started with Dillon Business Advisors she had to share.

What do you like best about working for Dillon Business Advisors?

It's hard to pin point just one thing. I really enjoy the people and what Dillon Business Advisors stands for. Definitely the modern-firm, tech embracing, future thinking environment, and of course having great bosses who candidly care.

If you could do another job for just one day, what would it be?

Forensic Chemistry. I enjoyed chemistry in grade school over any other branch of science, and I've also always been intrigued by law enforcement.

Where is the best place you have traveled and why?

Oahu, Hawaii, specifically Hanauma Bay. The view is amazing, it's a great snorkeling spot and knowing that it's a marine life nature preserve are all reasons to make this my best travel destination. There was something peaceful about laying on the beach with beautiful water on one side and volcanic rock on the other side vs traffic or a hotel as your background.

People would be surprised to know:

I was on my elementary's jump rope team and will still practice the tricks on occasion. One of my signature tricks was using a hula hoop as a jump rope while jumping double dutch.
