Justin loves cheesecake, his family, and golf.

Justin is thrilled to join Dillon Business Advisors as VP of Revenue where he can enrich and bring more value to clients. We asked Justin a few questions to get to know him better, and here is what he had to share.

#### **Do you have a hobby? If so, what do you enjoy?**

Golf! Nothing better than getting out with friends, and enjoying a few hours in the sun. It also teaches you a lot of patience and humility.

#### **People would be surprised to know:**

Interesting fact, my family has had only men born into the family for the past seven generations. Until I broke that streak with two beautiful girls; a streak I am most proud of breaking. One could argue, they are undeniably spoiled because of the fact above.

#### **What is the most unusual item in your desk drawer?**

While I don't have a desk drawer, I do have plenty of shelves around my desk. The most out-of-place item and probably the most unique is a little Santa gnome dressed in Bronco gear. It represents two of my favorite things, Christmas and the Broncos! You'll see him if you look closely on video calls.

#### **What is one thing you cannot resist?**

Cheesecake. No matter how hard I try, it's impossible to resist.

#### **What is your best business advisory-related tip?**

It sounds simple, but in practice it is quite difficult. Some of the best, most influential business leaders and coaches I know all excel at this skill. Listen to the Lord, your team, your customers, your peers, and your family. It is quite amazing what you can learn and succeed at by just listening.
