

Marcus Dillon, CPA

President

**Started with Dillon Business
Advisors in 2011**

Client Focus

- Business Development
- Business Strategy
- Team Cultivation

Marcus loves his family and his faith, water sports, fast cars, Texas BBQ, and the finer things in life.

Marcus Dillon is genuine, driven, and loves to have a good time. Marcus loves improvement and growth, connecting people, and encouraging others to achieve more. Marcus leads the Dillon Business Advisors team with integrity and ingenuity. We asked Marcus a few questions to get to know him better, and here is what he had to share.

What is your best business-advisory related tip?

Clearly define your business model and weigh every decision against how it aligns with your values and will improve upon your business model and life. Avoid chasing "shiny, new things" that may distract or derail you from what you originally intended to do.

What is your favorite music genre?

I like a wide variety of music, but my favorite band is NEEDTOBREATHE. They are even better live in concert.

People would be surprised to know:

My dad and I restored a 1968 Chevrolet truck when I was in high school, and we still own it today.

Do you have a hobby?

Cars! I love reading about, looking at, tinkering with, accessorizing, and driving nice vehicles. Porsche would have to be my favorite; both classic and new models.

What is one thing you cannot resist?

I can't pick just one: Diet Coke, new clothes and shoes, Netflix or any streaming service, a fun trip, fast cars, boats, Texas BBQ, chips and queso, is there a limit?!?! I want it all!

Where is your favorite place to be?

On the water with family and friends
